

Pendulum saw technology reference table

Pendulum saw technology reference table	
electrical machinery type	brushless motor whole sealing high output
high output	0-12500/min+15%
the temperature rise of the host	$\leq 25^{\circ}\text{C}$
noise	$\leq 75\text{db}$
host weight	1450g
output power	$\geq 180\text{W}$

work pattern	variable speed drive
disinfection mode	machine high temperature and high pressure 134(exclude battery)
charger	charger power supply voltage AC100-240V/50-60HZ the charger uses pulse fast charging technology it not only integrates foreign advanced charging technology and can be fully charger within 60minutes, and maintain the battery's repeated service life
battery	high performance lithium ion battery Sony brand battery pack features: safe reliable and stable .voltage12V 2600mah
warranty period	18months

battery warranty period	6months
Pendulum saw configuration	
the host	1
battery	2
saw blade components	4
speed pulse charger	1
isolation channel	1
instruction book	1
qualifier acceptance certificate products	1
package	1

Trauma hollow bone drill technology reference

Trauma hollow bone drill technology reference table	
electrical machinery type	brushless motor hollow shaft whole sealing high output
rate of revolution	0-1250r/min \pm 15%
output torque	\geq 5.8N/M
the temperature rise of the host	\leq 25 $^{\circ}$ C
noise	\leq 55db
the host hollow	\varnothing 4.5mm
the host weight	1450g

output power	$\geq 180W$
work pattern	variable speed drive
radial runout	$< 0.1mm$
disinfection mode	machine high temperature and high pressure 134(exclude battery)
charger	charger power supply voltage AC100-240V/50-60HZ the charger uses pulse fast charging technology it not only integrates foreign advanced charging technology and can be fully charger within 60minutes, and maintain the battery's repeated service life
battery	high performance lithium ion battery Sony brand battery pack features: safe reliable and stable .voltage12V 2600mah
drill chuck	hardness:HRC53 diameter:0-8mm (special requirements can be customized)
warranty period	18months

battery warranty period	6months
Trauma hollow bone drill configuration	
the host	1 set
battery	2 piece
drill chuck assembly	1 piece
drill chuck key	1 piece
speed pulse charger	1 piece
isolation channel	1 piece
instruction book	1 piece
qualifier acceptance certificate products	1 piece
package	1 piece

Hollow drilling technology reference

Hollow drilling technology reference table	
electrical machinery type	brushless motor whole sealing high output
rate of revolution	0-680r/min±15%
output torque	≥8.5N/M
the temperature rise of the host	≤25°C
noise	≤75db
the host hollow	Ø4.5mm
the host weight	1450g

output power	$\geq 180W$
work pattern	variable speed drive
radial runout	$< 0.1mm$
disinfection mode	machine high temperature and high pressure 134(exclude battery)
charger	charger power supply voltage AC100-240V/50-60HZ the charger uses pulse fast charging technology it not only integrates foreign advanced charging technology and can be fully charger within 60minutes, and maintain the battery's repeated service life
battery	high performance lithium ion battery Sony brand battery pack features: safe reliable and stable .voltage12V 2600mah
drill chuck	hardness:HRC53 diameter:0-8mm(sepecial requirements can be customized
warranty period	18months

battery warranty period	6months
Hollow drilling configuration	
the host	1 set
battery	2 piece
drill chuck component	1 piece
drill chuck key	1 piece
speed pulse charger	1 piece
isolation channel	1 piece
instruction book	1 piece
qualifier acceptance certificate products	1 piece
package	1 piece

Acetabular grinding drill technology reference

Acetabular grinding drill technology reference table

electrical machinery type	brushless motor whole sealing high output
rate of revolution	0-298r/min \pm 15%
Output torque	\geq 15N/M
the temperature rise of the host	\leq 25 $^{\circ}$ C
noise	\leq 75db
the host hollow	

the host weight	1450g
output power	$\geq 180W$
work pattern	variable speed drive
radial runout	$< 0.1mm$
disinfection mode	machine high temperature and high pressure 134(exclude battery)
charger	charger power supply voltage AC100-240V/50-60HZ the charger uses pulse fast charging technology it not only integrates foreign advanced charging technology and can be fully charger within 60minutes, and maintain the battery's repeated service life
battery	high performance lithium ion battery Sony brand battery pack features: safe reliable and stable .voltage12V 2600mah

Drill chuck	hardness:HRC53 diameter:0-8mm(Special requirements can be customized)
warranty period	18months
battery warranty period	6months
Acetabular grinding drill configuration	
the host	1 set
battery	2 piece
drill collet assembly	1 piece
drill collet key	1 piece
speed pulse charger	1 piece
isolation channel	1 piece
instruction book	1 piece
qualifier acceptance certificate products	1 piece
package	1 piece

Sternal saw technical reference

Sternal saw technical reference table	
electrical machinery type	brushless motor whole sealing high output
rate of revolution	0-10000r/min \pm 15%
the temperature rise of the host	\leq 25 $^{\circ}$ C
noise	\leq 75db
the host	1450g

weight	
output power	$\geq 180W$
work pattern	variable speed drive
disinfection mode	machine high temperature and high pressure 134(exclude battery)
charger	charger power supply voltage AC100-240V/50-60HZ the charger uses pulse fast charging technology it not only integrates foreign advanced charging technology and can be fully charger within 60minutes, and maintain the battery's repeated service life
battery	high performance lithium ion battery Sony brand battery pack features: safe reliable and stable .voltage12V 2600mah

warranty period	18months
Sternum saw accessory configuration	
the host	1 set
battery	2 piece
protection frame assembly	1 piece
sternal saw blade	2 piece
speed pulse charger	1 piece
isolation channel	1 piece
instruction book	1 piece
qualifier acceptance certificate products	1 piece
package	1 piece
